

Monday		Tuesday		Wednesday		Thursday		Friday	
8:00 <i>Doors open, badge pickup</i>									
9:00-9:10	Welcome & Opening	9:00-9:35	EPs in stellarators and 3D configurations I	9:00-9:35	EP diagnostics and analysis methods	9:00-9:35	Synergy EP and turbulence	9:00-9:35	Fast electrons and Runaways
9:10-9:45	Physics of EP modes and transport	9:35-10:00		9:35-10:00		9:35-10:10		9:35-10:00	
9:45-10:10		10:00-10:25		10:10-10:35		10:00-10:25			
10:10-10:35		10:25-10:50		10:35-11:00		10:25-10:50			
10:35-11:00	coffee break	10:50-11:20	coffee break	10:50-11:20	coffee break	11:00-11:20	coffee break	10:00-11:20	coffee break
11:00-11:35	Synergy EP and turbulence	11:20-11:55	Physics of EP modes and transport	11:20-11:55	Physics of EP modes and transport	11:20-11:55	Non-linear EP physics	11:20-11:55	Physics of EP modes and transport
11:35-12:00		11:55-12:20		11:55-12:20		11:55-12:20		11:55-12:20	
12:00-12:25		12:20-12:45		12:20-12:45		12:20-12:45		12:20-12:45	
12:25-12:50		12:45-14:15		lunch break		12:45-14:15		lunch break	
12:50-14:20	lunch break	14:15-16:00	Poster session and coffee break	~ TCV Visit ~ Free afternoon - enjoy Lausanne!	14:15-16:15	Poster session and coffee break	14:15-16:15	Round table (Heidbrink et al.)	
14:20-16:15	Poster session and coffee break	16:00-16:35	Physics of alphas and burning plasmas		16:15-16:50	EPs in stellarators and 3D configurations II	16:15-16:45	Closing remarks & Adjourn (Podestà et al.)	
16:15-16:50	EP impact on machine operations and safety	16:35-17:00			16:50-17:25				
16:50-17:15		17:00-17:25			17:25-17:50				
17:15-17:40		17:25-17:50							
18:30-21:30 Welcome Reception						19:30 Banquet
